Block Three, Redwork Version

Embroidery floss: DMC color # 304 red

Note: Cut background $9\frac{1}{2}'' \times 9\frac{1}{2}''$ and trim to $8\frac{1}{2}'' \times 8\frac{1}{2}''$ after embroidery is complete. This will allow for a bit of shrinkage from your embroidery stitches.

Place pattern and background fabric right side up over a light box or bright window. Center background fabric over pattern. Using a red Micron permanent marking pen # 01, carefully trace pattern onto background fabric. (Draw carefully, the Micron pen is permanent. If you don't trust yourself to draw with a steady hand, trace with a fabric pencil or a water erasable marker.)

Embroidery Backing:

Cut a piece of lightweight fusible interfacing or white flannel $9\frac{1}{2}'' \times 9\frac{1}{2}''$. If using flannel, simply place the flannel behind your background fabric. If using fusible interfacing, iron to the wrong side of the background fabric following manufacturer's instructions.

Embroider through both the background fabric and the interfacing or flannel.

Using 2 strands of DMC embroidery floss, #304 red, embroider basket, bunny, clover and stems with a tiny stem stitch. Outline bunny eye with a tiny back stitch and fill in with a satin stitch. Embroider a lazy daisy stitch for each flower petal. Sew five $\frac{3}{8}''$ buttons to basket as shown in picture.
